

## **Nurse Next Door Initiates Five New Members' into Founders Club**

Recognizing franchise locations with \$1 million + in annual sales

Nurse Next Door, one of North America's fastest growing franchise systems, recently announced the addition of five new members to their impressive Founders' Club – recognizing locations with \$1 million or more in annual sales.

“We’re thrilled to add these five franchises to our Millionaire Club,” says John DeHart, co-founder of Nurse Next Door. “Our franchise partners are amazing, passionate individuals and this achievement speaks not only to their hard work and determination but also to their commitment to making lives better. It’s that kind of upstanding customer service that has contributed to their success and helped create long-term relationships with their clients.”

Todd and Amanda Carwell are the proud owners of the Edmonton SW, AB location who, after less than two years, have built Nurse Next Door’s highest grossing location.

“We’re so proud that we’ve been able to help so many people, so quickly,” says Todd. “It’s been such a rewarding journey, not necessarily because of our financial success but because we’re truly making a difference in our client’s lives.”

As a Registered Nurse, Amanda was tired of working in a taxed healthcare system and wanted to find a better way to care for the increasing senior population. Along with husband Todd, an entrepreneur who recognized the opportunity in the senior care industry, the two set out to alleviate the burden placed on the existing system by providing quality caring from the comforts of their client’s home.

Members of the Founders' Club were honored at the Nurse Next Door annual conference held October 20-22 in Vancouver, BC at a black tie gala.

### **About Nurse Next Door**

Vancouver-based Nurse Next Door Home Care Services is Canada's fastest growing home care franchise system and is dedicated to delivering attentive, caring options to seniors. Founded in 2001 based on the personal experiences of Co-Founders Ken Sim and John DeHart, Nurse Next Door now has nearly 50 franchise locations and is focused on becoming a globally admired brand.
